

UNIVERSIDAD ANDRÉS BELLO

2024

It is a private university founded in Santiago in 1988. Its name is inspired by Andrés Bello, humanist, politician and jurist. One of the most influential intellectuals of the nineteenth century.

UNAB's sponsoring entity is the Fundación Educación y Cultura, a Chilean non-profit organization, which was established for the sole purpose of contributing to the development of Chile through the promotion and improvement of higher education.

ABOUT US

Our Mission

We wish to offer an enriching educational experience tailored for a globalized world. Supported by critical thinking and the continuous generation of knowledge through research.

Our Institutional Vision

We wish to be recognized as one of the best universities in Chile.

We thrive through the sharing of knowledge. We strongly believe that global alliances will strengthen the depth and reach of our research and our opportunities to teach.

Our Values

The pursuit of the common good through the advancement of knowledge, the care for our community, the care for the environment and the cultivation of long-term relationships based on a thirst for learning.

ABOUT US

- We strive to provide a quality education for our students at both the undergraduate and graduate level. We award Bachelor, Master's, Doctorate, and professional degrees, including certifications and diplomas.
- We wish to give our students an educational experience that helps them prepare for a future where innovation, entrepreneurship, cultural diversity, critical thinking, and flexibility are necessary tools to thrive in a global world.
- We want to be part of the advancement of both applied and theoretical knowledge, through research in both academic and professional areas.

- We want to be of service to our communities through our research, therefore, it is of the outmost importance that the scientific rigor is followed.
- We believe that our work must have a positive impact in the communities that surround us.
- We believe collaborative work is paramount to learning, research and development.
- We believe that international standards and metrics are a way to maintain our effectiveness and efficiency.

OUR GUIDING PRINCIPLES:

Drive towards excellence.

We have a passion for doing things well, with a strong spirit of self-criticism, looking for continuous improvement.

Accountability.

We believe in being responsible for our own actions, understanding that the benefits of a good education should have an impact on society.

Student Centered.

Students are at the center of all our endeavors.

Honor.

We value honesty and trustworthiness. We expect an ethical behavior of all our members, as reflected on our honor code.

Diversity and Inclusion.

We welcome all. We are respectful and tolerant of all ideas and creeds.

OUR COMMITMENT TO SUSTAINABLE DEVELOPMENT

UNAB consolidated the alliance with
Global Compact (United Nations)
as the **host in Chile**

OUR COMMITMENT TO SUSTAINABLE DEVELOPMENT

-  Among the top 5 Chilean universities with the best results in the Report and Evaluation of Sustainability in Higher Education Institutions of the Sustainable Campus network.
-  Founding member of the Sustainable Campus Network in Chile.
-  Research that contributes to the achievement of all United Nations Sustainable Development Goals.
-  100% of UNAB students include Social Responsibility in their general education subjects.
-  The only Chilean university certified by Top Employer, an agency that accredits excellence in people management practices worldwide.

CARBON NEUTRAL

Universidad Andrés Bello announced a strategy and action plan to achieve zero emissions by 2038, the same year in which the institution celebrates 5 decades of existence and 12 years before the goal set by Chile.

INCLUSION AS A MISSIONAL SEAL

Universidad
Andrés Bello
Conectar • Innovar • Liderar

STUDENTS JOB SKILLS DIPLOMA

JOB SKILLS DIPLOMA

Innovative program that trains young people with special educational needs for their insertion into the world of work.

- **130+** students in the three campuses
- **400+** young people have been certified in the program and are part of the UNAB Alumni Network.

INCLUSIVE EDUCATION DIRECTORATE

Seeks to contribute to the consolidation of a community that respects and values inclusion and diversity, mainly through the process of accompanying students with disabilities during their education. This office is part of the Integral Center for Student Support and Development.

CONECTA INCLUSIVO

Employability platform where graduates of the Job Skills Diploma and other students with disabilities connect directly with employers and organizations, thus improving their visibility in the world of work and promoting their employability.

PSYCHOLOGY STUDENT TRAINING LINE:

It specifically addresses the mental health of people with intellectual disabilities, both at the undergraduate and graduate levels.

THE INCLUSION OBSERVATORY

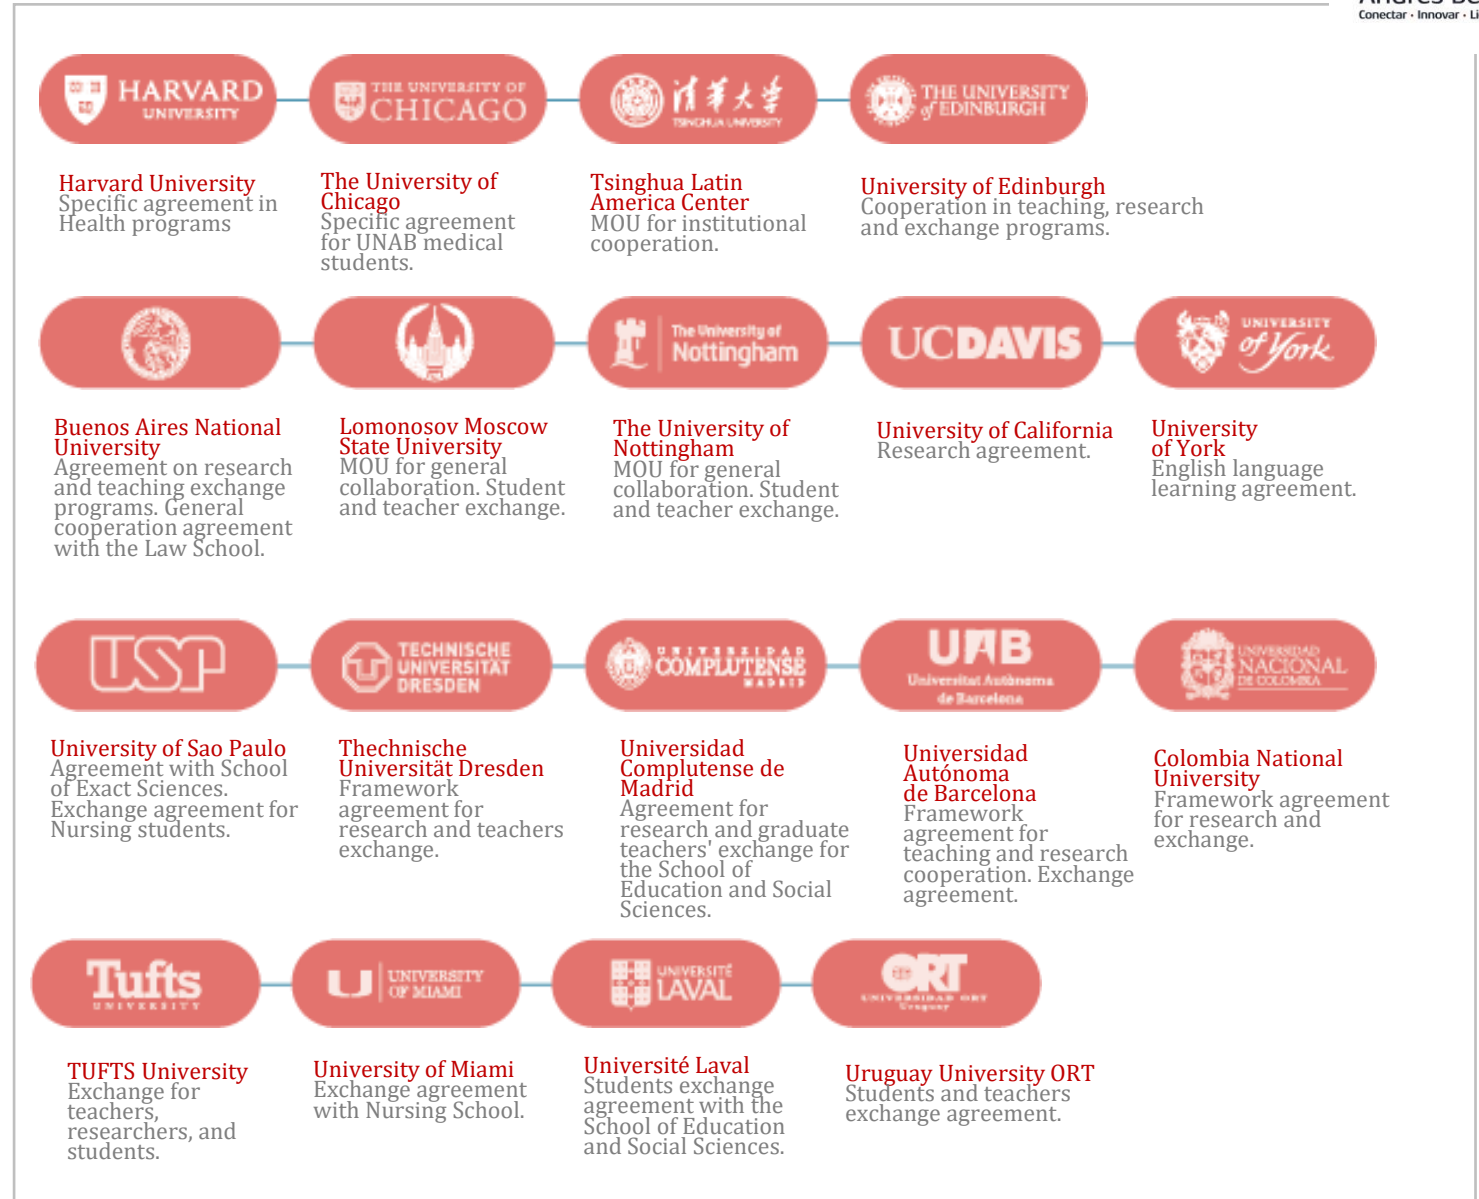

Its mission is to promote a culture that values human diversity and promotes an updated conception of it, which favors inclusion, quality of life, and participation in equality for people with disabilities. **It carries out specialized training actions, also contributing to the public debate for the formulation of inclusive policies.**

+30,000 student enrollments in internationally certified subjects.

+370 agreements with universities around the world.

Members of seven international cooperation consortia.

OUTSTANDING COLLABORATIONS

Becker Friedman Institute Latinoamérica – University of Chicago:

The purpose of this collaboration agreement is to promote the exchange, production and dissemination of research focused on the most relevant economic policy issues for Latin America.

European Organization for Nuclear Research (CERN):

Through the scientific work developed by the Millennium Institute of Subatomic Physics at the High Energy Frontier, hosted by Universidad Andrés Bello, and formed by other four Chilean universities.

Arizona State University:

Strategic alliance focused on the development of undergraduate and graduate academic programs, in addition to the co-lecturing of international courses in various disciplinary areas. Research collaboration is incorporated into the alliance.

+22,000
students with digital education experiences.

12.800+ students learning in
Simulated Hospitals with state-of-
the-art immersive technology

5.300+ students with
certificates. Microsoft and IBM

740+ students conducting their
clinical internships with Telecare
methodologies

6.900+ students learning Physics
with advanced PHET simulations.

6.400+ students learning
chemistry and biology with Labster
simulators.

1.500+ students using learning
spaces in the Metaverse across three
Schools

5 years of accreditation

Society for Simulation in Healthcare of USA to the UNAB
Simulation Hospital in all campus

SPORTS

+70 students

Universidad Andrés Bello has the highest number of student-athletes competing in the Santiago 2023 Pan American Games.

11

UNAB athletes competed for Chile at the 2024 Paris Olympics

51

sports teams

389

sports scholarships

1.422

students belonging to UNAB teams

**THE
ONLY**

university in Chile with a sports institute dedicated to promoting healthy lifestyles and contributing to public sports policies

Policy that allows training and competitions to be compatible with higher education. Thanks to this policy, UNAB is the university with the most athletes in national and international high-performance competitions.

COMMITMENT AND OUTREACH

ANDRÉS BELLO UNIVERSITY ENDOWMENT

- An endowment reserve fund was created in 2022 with an initial CLP \$30 billion capital.
- The proceeds from investments in this fund will be used for student scholarships, entrepreneurship, and applied research projects of the UNAB community.
- **One year after its launch, it has benefited more than 2,000 students.**
