

Universidad  
Andrés Bello®

# UNIVERSIDAD ANDRÉS BELLO

---

2026

## **UNIVERSIDAD ANDRÉS BELLO**

It is a private university founded in Santiago in 1988. Its name is inspired by Andrés Bello, humanist, politician and jurist. One of the most influential intellectuals of the nineteenth century.

UNAB's sponsoring entity is the Fundación Educación y Cultura, a Chilean non-profit organization, which was established for the sole purpose of contributing to the development of Chile through the promotion and improvement of higher education.

## Misión

We wish to offer an enriching educational experience tailored for a globalized world. Supported by critical thinking and the continuous generation of knowledge through research. .

---

## Visión

We wish to be recognized as one of the best universities in Chile.

We thrive through the sharing of knowledge. We strongly believe that global alliances will strengthen the depth and reach of our research and our opportunities to teach.

---

## Valores

The pursuit of the common good through the advancement of knowledge, the care for our community, the care for the environment and the cultivation of long-term relationships based on a thirst for learning.

---

- We strive to provide a quality education for our students at both the undergraduate and graduate level. We award Bachelor, Master's, Doctorate, and professional degrees, including certifications and diplomas.
- We wish to give our students an educational experience that helps them prepare for a future where innovation, entrepreneurship, cultural diversity, critical thinking, and flexibility are necessary tools to thrive in a global world.
- We want to be part of the advancement of both applied and theoretical knowledge, through research in both academic and professional areas.

- We want to be of service to our communities through our research, therefore, it is of the utmost importance that the scientific rigor is followed.
- We believe that our work must have a positive impact in the communities that surround us.
- We believe collaborative work is paramount to learning, research and development.
- We believe that international standards and metrics are a way to maintain our effectiveness and efficiency.

# TECHNOLOGY IN THE SERVICE OF EDUCATION

**+28 MIL** students with digital education experiences.

**+14.400** students learning in Simulated Hospitals with state-of-the-art immersive technology

**+8.000** students with certificates Microsoft, Oracle, IBM among others.

**+4.400** Engineering and Economics and business students using ALEKS as support for various subjects

**+7.100** students learning Physics with advanced PHET simulations.

**+9.550** students learning chemistry and biology with Labster simulators.

**+8.800** Student using AI-based virtual assistants (contextualized in course bibliographies)

**5 years of accreditation**

Society for Simulation in Healthcare of USA to the UNAB Simulation Hospital in all campus

# TECHNOLOGY IN THE SERVICE OF EDUCATION

**We are part of the largest and most innovative immersive health training center in Latin America**

El Centro de Educación Clínica Avanzada (CECA) is a comprehensive and **realistic educational ecosystem** that brings together, in one place, all the spaces that make up the clinical flow - from pre-hospital care to rehabilitation - along with areas of analysis, observation and academic reflection.

Due to its size, complexity, and technology, this center represents a significant **evolution in clinical teaching in the country**, strengthening the university's health training model.

**+18.000**

square meters of advanced infrastructure and the capacity to develop more than 100,000 training sessions per year.

**+100**

innovative methodologies and technologies in more than 40 spaces for immersive practice and clinical discussion.

*Apertura: 2027.*

An interprofessional ecosystem that combines technology, pedagogy, and realism to strengthen the training of technically competent, reflective professionals focused on patient well-being..

# LEADERS IN RESEARCH

## 4th place

in Chile in papers indexed in Web  
of Sciences and Scopus.  
UNAB is #1 in private  
Universities.

**+400**

Academics conducting  
research in 2025

**65%**

of publications in higher impact  
journals (Scopus) Q1

**\$410 mill.**

million in international funds  
raised in 2025

**\$56.000 mill.**

Managed in 2025 in projects  
with external funding for  
R&D&I

**26**

Health Care

# OUR COMMITMENT TO SUSTAINABLE DEVELOPMENT

consolidated the alliance with  
Global Compact (United Nations)  
as the [host in Chile](#)

## OUR COMMITMENT TO SUSTAINABLE DEVELOPMENT

Among the top 5 Chilean universities with the best results in the Report and Evaluation of Sustainability in Higher Education Institutions of the Sustainable Campus network.

Founding member of the Sustainable Campus Network in Chile.

Research that contributes to the achievement of all United Nations Sustainable Development Goals.

The only Chilean university certified by Top Employer, an agency that accredits excellence in people management practices worldwide.

## CARBON NEUTRAL

Universidad Andrés Bello announced a strategy and action plan to achieve zero emissions by 2038, the same year in which the institution celebrates 5 decades of existence and 12 years before the goal set by Chile.

# INTERNATIONALITY AS PART OF UNAB ACADEMIC MODEL

**+19.000** UNAB students with some international experience by 2025

**+420** agreements with universities around the world.

**Members of 9 international** cooperation consortia.

**25 types of international experiences.** applied at 4 training levels: undergraduate, master's, doctorate, and continuing education

Harvard University  
Specific agreement in Health programs

The University of Chicago  
Specific agreement for UNAB medical students.

Tsinghua Latin America Center  
MOU for institutional cooperation.

University of Edinburgh  
Cooperation in teaching, research and exchange programs.

Arizona State University  
Development of undergraduate and graduate programs and mobility. Cooperation in research.

University of Sao Paulo  
Agreement with School of Exact Sciences. Exchange agreement for Nursing students.

The University of Nottingham  
MOU for general collaboration. Student and teacher exchange.

University of California  
Research agreement.

University of Miami  
Exchange agreement with Nursing School.

Université Laval  
Students exchange agreement with the School of Education and Social Sciences.

Technische Universität Dresden  
Framework agreement for research and teachers exchange.

Universidad Complutense de Madrid  
Agreement for research and graduate teachers' exchange for the School of Education and Social Sciences.

Uruguay University ORT  
Students and teachers exchange agreement.

Universidad Nacional de Buenos Aires  
Exchange for teachers, researchers, and students

Universitat Autònoma de Barcelona  
Framework agreement for teaching and research cooperation. Exchange agreement.

Becker Friedman Institute  
Exchange for teachers, researchers, and students

# INTERNATIONALITY AS PART OF UNAB ACADEMIC MODEL

## POST UNIVERSITY:

Universidad Andrés Bello is the controller of Post University, a university founded in 1890 in Connecticut, United States.

With more than 17 thousand students and 45 undergraduate and graduate programs, Post University has been consecutively accredited for more than 50 years and has been a pioneer in the use of online training methodologies.

It is the first Chilean university to acquire a university in the United States, thereby internationalizing its educational model, which considers academic excellence, the generation of new knowledge, and the promotion of diversity and sustainability as its pillars.

# OUTSTANDING COLLABORATIONS

## **Becker Friedman Institute Latinoamérica Universidad de Chicago:**

The purpose of this collaboration agreement is to promote the exchange, production and dissemination of research focused on the most relevant economic policy issues for Latin America.

## **Organización Europea para la Investigación Nuclear (CERN):**

Through the scientific work developed by the Millennium Institute of Subatomic Physics at the High Energy Frontier, hosted by Universidad Andrés Bello, and formed by other four Chilean universities.

## **Arizona State University:**

Strategic alliance focused on the development of undergraduate and graduate academic programs, in addition to the co-lecturing of international courses in various disciplinary areas. Research collaboration is incorporated into the alliance.

Large Hadron Collider, the world's largest particle accelerator located at CERN

# INCLUSION AS A MISSIONAL SEAL

# INCLUSION AS A MISSION SEAL

## JOB SKILLS DIPLOMA

Innovative program that trains young people with special educational needs for their insertion into the world of work.

**150** Students in all campus

## PREPARATION AND TRAINING IN INCLUSION

11 diploma programs to promote an inclusive culture in areas such as education, culture, sports or rehabilitation.

## INCLUSIVE EDUCATION DIRECTORATE

It provides support to students with disabilities throughout their studies. This department is part of the Comprehensive Student Support and Development Center within the Academic Vice-Rector's Office.

**In 2025 alone, it supported over 450 students.**

## CONECTA INCLUSIVO

Employability platform where graduates of the Job Skills Diploma and other students with disabilities connect directly with employers and organizations, thus improving their visibility in the world of work and promoting their employability.

**+230 jobs offered on this platform in 2025**

## THE INCLUSION OBSERVATORY

Its mission is to promote a culture that values human diversity and promotes an updated conception of it, which favors inclusion, quality of life, and participation in equality for people with disabilities. It carries out specialized training actions, also contributing to the public debate for the formulation of inclusive policies

Universidad  
Andrés Bello®

**COMMITMENT  
TO SPORT**

# COMMITMENT TO SPORT

**+600**

Athletes from UNAB  
participating in national  
university games.

## **THE ONLY UNIVERSITY IN CHILE**

with a sports institute dedicated to  
promoting healthy lifestyles and  
contributing to public sports policies.

**51**

sports teams

**+380**

sports scholarships

**+1.570**

students belonging to  
UNAB teams

**94**

High-performance  
athletes.

## **UNIVERSITY SPORTS POLICY**

Policy that allows training  
and competitions to be  
compatible with higher  
education.

Thanks to this policy,  
UNAB is the university  
with the most athletes in  
national and international  
high-performance  
competitions.

# CULTURAL PROMOTION

## 95 CULTURAL ACTIVITIES IN 2025

---

**+217 mil** views of online activities.

**+30.900** attended cultural activities on campus.

**650** participants in literary competitions.

Attendees in cultural activities from 220 national locations and 21 countries

**+3.200** attendees at Christmas concerts;

23 members of the Cultural Network; 5 embassies; and 18 partner organizations

# COMMITMENT AND OUTREACH

**ENDOWMENT UNAB**

An endowment reserve fund was created in 2022. The proceeds from investments in this fund will be used for student scholarships, entrepreneurship, and applied research projects of the UNAB community.

## COMMITMENT AND OUTREACH

**+3.400**

**STUDENTS  
BENEFITED**

from UNAB  
endowment  
scholarships

**+5.500**

Donations to the UNAB  
Endowment since its creation

**67%**

of the scholarships awarded  
were to women

**30**

Winners of the Innovative  
Entrepreneurship Support  
Project traveled to Boston

**71%**

of the scholarships were  
awarded to students from the  
most vulnerable deciles
